President Trump, Great Day Sir!

Please accept this PeaceMaker badge as a token of appreciation from PeaceMaker ALDO. As sons of God (Matthew 5:9), we have a calling to fulfill, and I believe our nation stands at a pivotal moment to restore justice and accountability in our legal system.

We currently live in a judicial kleptocracy of normalized deception, lawfare, and tyranny. The courts unlawful control and manipulation of grand juries is the root of many problems enslaving many people. “There must be a way out of here, said the joker to the thief”.

History affirms the “way out of here” is to restore accountability via rule of law citizen grand jury oversight facilitated by the sheriff’s authority and duty. Please read the related Supreme Court of The United States Certiorari at RestoreGrandJuryRights.org for details.

PeaceMakerSheriff.org was established to facilitate a related movement.

“Try getting away with that in a small town”, speaks to local accountability.

As one nation under God, we live and act locally; restoring accountability in over 3100 counties changes everything by returning local power to We The People.

“Try getting away with that in a county with citizen grand jury oversight”, speaks to the opportunity at hand to improve our collective reality.

For 54 months, I have stood against Fraud Upon the public by the court; Unaccountability enables fraud upon and by the court. While campaigning to restore accountability via rule of law citizen grand jury oversight, I received 50,000 votes in the recent 2024 Virginia Beach, Virginia Sheriff election; despite significant opposition.

I am currently a political prisoner, cruelly and unlawfully jailed in solitary confinement since December 20, 2024, for a false misdemeanor contempt of court charge, with an excessive \$1 million purge bond and a December 23, 2025, unjust hearing date. The invalid order to jail me is based on perjury and fraud the accuser admitted to under oath on the record.

Norfolk, VA Federal court magistrate judge Lawrence Leonard, refuses to follow Rule of law and sign my Habeas Corpus Default Release order in the 2:24 – CV 725 case.

Please, can you assist with this?

There is a path to restore America's leadership in a new era of justice and prosperity. Please, can you facilitate communication with Elon Musk and Kash Patel? I talk daily to my sister Pamela and brother Troy.

Many thanks for your consideration and help.

Sir, I would be honored to serve in your administration – even from jail ;o)

I am University of Virginia and Harvard educated with 6 issued patents.

Blessings and Grace as we bring justice for all to the nations (Isaiah 42).

Signed by Pamela Burnham for jailed PeaceMaker ALDO (DiBelardino).
